

## Instructions for downloading the NSPIRE App and logging in.

- 1) Have your Login Username and Password ready, but DO NOT use them until the correct time!
- 2) Go to the APP Store pressing the highlighted icon shown in this picture

- 3) Search for “Exam4Inspections” , which will bring up this screen, and the one you want to download is the one circled with highlighter.

- 4) This bring up the next screen, where you want to press “Salesforce” to download it, it is the one Highlighted in the lower right corner.

### Warning!

**By accessing this system, you agree to the Rules of Behavior for this system and are bound by the following Terms and Conditions:**

- This computer system, including all related equipment, networks, and network devices (specifically including Internet access) contains data belonging to the U.S. Government, and is provided for authorized U.S. Government use only.
- Access requires the use of an authorized user account number and password, which are sensitive and must never be shared with anyone at any time.
- User account numbers are only granted to individuals who possess a valid Social Security Number, which will be collected along with other personally identifiable information (PII), and may be used for any lawful purpose, including verifying a user's identity.
- Authorized personnel will treat information about HUD computing resources (i.e., system names, technologies employed, etc.) as sensitive and will not reveal it to unauthorized personnel.
- All activities and information, including personal information, associated with the use of this system may be monitored for

9) When you press “Log In” on the blue bar it will come up with two screens, one after the other, to ask you to grant the App permissions, you **NEED TO ALLOW** on both of these!

You are now ready to use NSPIRE on your Apple product, the Android installation is slightly different with different wording in a couple spots, but I believe the steps are essentially the same.
